

Mitigate Third Party Risk

Avoid disruptions to your supply chain by vetting potential partners. Save time and money with deep background checks based on real-time news. Verify litigation history, parent-subsidiary structures, financial health M&A activity, and more.

Comprehensive Risk Monitoring

Geopolitical ► Technical ► Social ► Legal ► Financial ► Environmental

Risk DeteXion pulls data from reputable sources such as sanction lists, country risk reports, international news, court cases, and records of political exposure.

Our robust and easy-to-use tool helps you consolidate your supplier risk reports and thoroughly vet third party risk.
