# CONNXUS® SmartScrub®

Data Enrichment & Validation

SmartScrub simplifies vendor data processing. We match your firm's accounts payable or tax ID with 250+ trusted business sources to validate your info in 5-7 business days.

Enhance your data by adding Tier 1 Spend, a rich report that displays the diversity and industry categories in your spend.

Analyze your company's annual diverse spend, percentages of spend by supplier, industry category, geography and more.

Global SmartScrub is available for over **130 countries** and eight diversity categories including Micro and Very Small Businesses.

SmartScrub is the only tool you need to **validate and visualize your diverse vendor data.**
